

# SOHO HEALTH

*“Being a member of SOHO HEALTH saves me time by making the running of my private practice more efficient. I no longer must negotiate fees with payors or go through the tedious recredentialing process. I have access to quality and incentive bonuses, a large referral network and strong educational programs to help my practice stay ahead of the curve. All this allows me to focus my attention on caring for my patients.*”

Dr. David Feingold, Physical  
Medicine and Rehabilitation of  
Hartford
